AKASH R

ROBOTICS PROJECT ENGINEER

📍 Dubai, UAE (Resident) 📞 +971 565469757 / +91 9003606451 ✉️ akashrkaa@gmail.com 🗣️ English, Tamil

EXECUTIVE SUMMARY

Results-driven **Robotics Project Engineer** with extensive experience in turnkey industrial automation, robotic cell integration, and site commissioning across the UAE and India. Recognized for technical leadership in ABB robotic systems, multi-brand integrations, and cross-functional execution for welding, palletizing, precision grinding, and machine tending applications.

CORE COMPETENCIES

ROBOTICS PLATFORMS
ABB Industrial Robots & Cobots, KUKA, Yaskawa Motoman.

ROBOTIC APPLICATIONS
Automated Welding (MIG, TIG, Spot, Plasma), Palletizing, Grinding, Machine Tending.

SOFTWARE & CONTROLS
ABB RobotStudio (Online/Offline Simulation), Motion Control, Path Optimization, Signal Mapping.

PROJECT & FIELD ENGINEERING
Turnkey Integration, Site Installation, SAT/FAT Commissioning, Client Training, Troubleshooting.

PROFESSIONAL EXPERIENCE

Robotics Project Engineer — ABB Industries LLC (RARO)

Dubai, UAE | May 2023 – Present

- Lead end-to-end site commissioning and project execution for industrial robotic automation cells across major Middle East manufacturing clients.
- Direct physical installation, electrical signal integration, controller setup, and live cell prove-out for welding, palletizing, grinding, and machine tending cells.
- Program, simulate, and optimize complex robotic motion paths using ABB RobotStudio to improve cycle times and operational throughput.
- Manage Factory Acceptance Testing (FAT) and Site Acceptance Testing (SAT) to ensure compliance with strict quality and safety benchmarks.
- Provide rapid diagnostic troubleshooting for drive units, end-of-arm tooling (EOAT), and peripheral controller interfaces.
- Conduct comprehensive operator and technical training for client engineering teams on ABB robot cell operations.

Robotics Engineer — Arrowtek Robotics Pvt. Ltd.

Chennai, India | Jun 2021 – May 2023

- Executed complete setup, mechanical mounting, electrical wiring, and motion path programming for robotic welding and handling equipment.
- Programmed and integrated multi-brand industrial robot systems (ABB, KUKA, Yaskawa Motoman) across diverse manufacturing lines.
- Specialized in robotic arc welding process optimization, torch calibration, and seam tracking adjustments.
- Supported commercial clients across India through direct site commissioning and remote online diagnostic sessions.

EDUCATION

Master of Business Administration (MBA)
Operations Management — Bharathidasan University
2024 – 2026

Bachelor of Engineering (B.E.)
Mechanical Engineering — Sri Sairam Engineering College
Grade: 8.12 CGPA | 2017 – 2021

INTERNATIONAL TRAINING & CERTIFICATIONS

ABB Training Center (Friedberg, Germany)
IRC5 & OmniCore Individual Training for ABB Industrial Robots
December 2025

ABB Professional Portals
Completed 30+ Certified Technical Courses (MyLearning) & 50+ Safety Courses (Integrity Portal)
